OBJECTIVE

Seeking an entry-level opportunity in computer science where I can apply my skills, embrace innovation, and grow professionally while creating solutions that drive meaningful change.

EDUCATION

- **Bachelor of Engineering(CSE)**: **2026**
  Channabasaveshwara Institute of Technology, Gubbi.
  CGPA: 8.32
- **Pre-University :** **2022**
  Kalpataru PU College, Tiptur.
  Percentage: 60%
- **Higher Secondary (CBSE):** **2020**
  Sri Chaitanya Techno School, Tumkur.
  Percentage: 63%

PROJECTS

Portfolio Management System:

- Designed and developed a Portfolio Management System to efficiently track investments, analyze performance, and manage asset allocation.
- Implemented architecture using APACHE, PHP, MYSQL, HTML, CSS, JavaScript.
- Built a user-friendly interface with reliable data handling to ensure accurate insights and smooth portfolio management.

Clinical-Based Disease Prediction & Drug Recommendation:

- Built an AI/ML-based clinical decision support system to predict diseases from patient data and improve diagnostic accuracy.
- Implemented architecture using ML, PYTHON, MYSQL, HTML, CSS, JavaScript.
- Developed and validated machine learning models with a drug recommendation module to deliver reliable, datadriven treatment suggestions.

Internship :

- Internship in SQL Intern-Quest Informatics.
  - Developed an Instagram database with multiple tables, relationships, and constraints.
  - Designed relational databases and wrote SQL queries, stored procedure, joins, triggers, views and cursor.

SKILLS

Programming Languages: Python.

Web Technologies: HTML, CSS, JavaScript, React.js.

AI/ML: Machine Learning, Deep Learning, Generative AI, AI/ML Workflows.

Database: SQL.

Concepts and Technologies: Object-Oriented Programming (OOPs), DBMS, Operating System.

Tools & Platforms: Visual Studio Code, Linux, Git, GitHub, Rest APIs.

Soft Skills: Time Management, Good Communication, Discipline, Teamwork, Leadership Skills.

ACHIEVEMENT

- Udemy Certificate – Learn Python Programming: Beginner to Master.
- Generative AI – IBM.
- Oracle Database SQL Certified Associate.
- Prompt Design in Vertex AI (Google skill boost).
